

NOTICE OF ACCREDITATION ACTIONS

ACCE Midyear Conference
Virtual Conference via Zoom
February 18, 2021

The Council for Higher Education Accreditation (CHEA) requires that member programmatic accrediting agencies are to notify the public of accreditation decisions and the basis for such decisions. Within 30 business days after each board meeting in which accreditation decisions are completed, the American Council for Construction Education meets this requirement by publishing a notice of their accreditation actions on its website ACCE-HQ.org and distribution of the information in ACCE’s periodic email newsletter.

At its meeting on February 18, 2021, ACCE took the following actions regarding Programs in Construction Management related degrees at the Associate Degree and Bachelor’s Degree within the institutions listed below.

Renewal of Accreditation

Programs in this category have completed a Self-Evaluation Study report and on-site evaluation. The term for renewal of accreditation is up to six (6) years. For details of the accreditation for each Program, click on the logo for the Institution or the link on the Accreditation Action line.

<p>Lamar University College of Business BS Degree in Construction Management Beaumont, TX 77710</p> <p>Summary of Accreditation Review: Visiting Team identified no Weaknesses with the Program.
