

NOTICE OF ACCREDITATION ACTIONS

ACCE Midyear Conference

Irving, TX

March 31, 2025

The Council for Higher Education Accreditation (CHEA) requires member programmatic accrediting agencies to notify the public of accreditation decisions and the basis for such decisions. Within 30 business days after each board meeting in which accreditation decisions are completed, the American Council for Construction Education meets this requirement by publishing a notice of its accreditation actions on its website ACCE-HQ.org and distributing the information in ACCE’s periodic email newsletter.

At its meeting on February 22, 2025, and on March 28, 2025, ACCE took the following actions regarding Programs in Construction Management related degrees at the Associate Degree, Bachelor’s Degree, and Master’s Degree levels within the institutions listed below.

Programs have completed a Self-Evaluation Study report and on-site evaluation. The term for accreditation is up to seven (7) years. For details of the accreditation for each Program, click on the Degree Program link or the Accreditation Action line link.
