Session 1 - TLP Certification/Guest Lecturer Workshop

Presenter:

- **Dr. Tony Lamanna, Arizona State University**

Topical Content:

Industry participation in the classroom adds to the richness of the learning experience. Dr. Lamanna was instrumental in developing the ACCE Teaching & Learning Practitioner Certification Program. The mission of the TLP Certification Program is to provide construction educators and industry professionals with the opportunity to improve their teaching practices and curricula while gaining a credential that can be recognized industry wide. This workshop promotes the practitioner as an educator and provides the basis of skills for success in the classroom.

9:30 - 10:30

Session 2 - Trends in the Recruitment and Placement of CM Students and CM Program Instructors

Presenters:

- **Dr. Richard Burt, Auburn University**
- **Dr. Tom Leathem, Auburn University**

Topical Content:

IAB participation in curriculum assessment and development is a requirement and is vital to the relevancy of a program. This presentation is based on a Curriculum Review and Learning Improvement study conducted at Auburn University. The process entailed a survey of graduates to identify themes and skills needed in the first 3-5 years of their careers. Content analysis was used to analyze data and provide a visual interpretation of the needs of the graduates early in their careers, which was used to improve the curriculum.
