

## ACCE IAB Survey - November 2017

### 1. Survey Participants

NAME	INSTITUTION OR ORGANIZATION
SCMEF	Sacramento State University
Program Advisory Committee	Saskatchewan Polytechnic
ULM School of Construction Management - Industry Advisory Council	University of Louisiana Monroe
Industry Advisory Council	Auburn University
Department of Construction Advisory Board	Southern Illinois University Edwardsville
Industrial Advisory Council	Texas State University
Advisory Board	Boise State University
Advisory Board for the Construction Management Program at Indiana State University	Indiana State University
Tuskegee University IAB	Tuskegee University
UW Stout CIAB	University of Wisconsin Stout
Construction Management Advisory Board	Missouri State University
IAB	University of Arkansas Little Rock
Construction Management Advisory Board	Ball State University
UALR Construction Management and Civil & Construction Engineering Advisory Board	University of Arkansas Little Rock
Construction Industry Advisory Council	Louisiana State University
IAB and CEF	Oregon State
Construction Management Program, Michigan State University	Michigan State University
Construction Industry Advisory Board	Florida Institute of Technology
Construction Management Advisory Board	MN State Mankato
Construction Industry Advisory Council	University of Washington
IAB	Mississippi State University
IAB	EKU
UF Rinker EXCOM	University of Florida
Construction Industry Advisory Council (CIAC)	University of Texas San Antonio
Va Tech Industry Advisory Board	Va Tech
Seminole State College Construction IAB	Seminole State College of Florida
CSM Industry Advisory Council	The Ohio State University
UAA CM Advisory Board	University of Alaska Anchorage
Ball State University Construction Management Advisory Board	Ball State University
Advisory Committee	Eastern Michigan University
Civil Engineering Technology Industry Advisory Board	Cincinnati State Technical and Community College
Industry Advisory Council	University of Southern Mississippi
IAB	University of Cincinnati
UCEAS Industry Advisory Board	University of Cincinnati
Industry Advisory Council	Arizona State University
Construction Management Industry Advisory Board	Minnesota State University Moorhead
Construction Program IAB Indianapolis	IUPUI School of Engineering, Construction Program
CIAC	TAMU
Construction Industry Advisory Board, KSU	Kennesaw State University
Industry Advisory Council (IAC)	California State University, Chico

Construction Management Advisory Council	California Polytechnic State University
Industry Advisory Council	Florida International University
Wentworth IAB	Wentworth Institute of Technology
City of Hartford	CCSU
IAB	Central Connecticut State University
Sacramento Construction Management Education Foundation	California State University, Sacramento - Department of Construction Management
NAHB	NAHB
CM Industry Advisory Board	Illinois State University
Central Washington University Construction Management Program	Central Washington University
TU CSM-IAB	Tuskegee University
advisory board	Western Nevada College
Industry Advisory Council	Kansas State University
IAB	Ferris State University
Lamar CMAC	Lamar University
Industry Advisory Council	Auburn University
Construction Industry Advisory Council	Texas A&M University
Construction Management Advisory Board	Missouri State University
Industrial Advisory Council (IAC)	Texas State University
Construction Management Advisory Council	Cal Poly SLO

**2. Number of People in Your IAB or Organization**

		<b>Response Total</b>	<b>Response Percent</b>
< 10		<b>1</b>	<b>2%</b>
10 -20		<b>20</b>	<b>34%</b>
20-40		<b>25</b>	<b>42%</b>
40-80		<b>8</b>	<b>14%</b>
>80		<b>5</b>	<b>8%</b>
<b>Total Respondents</b>		<b>59</b>	

**3. Is your IAB or Organization a 501(c)(3)?**

		<b>Response Total</b>	<b>Response Percent</b>
Yes		<b>13</b>	<b>23%</b>
No		<b>42</b>	<b>74%</b>
No, but we are actively working on it		<b>2</b>	<b>4%</b>
<b>Total Respondents</b>		<b>57</b>	

**4. Has an industry member of your IAB ever attended an ACCE IAB Event?**

		<b>Response Total</b>	<b>Response Percent</b>
Yes		<b>49</b>	<b>84%</b>
No		<b>9</b>	<b>16%</b>
<b>Total Respondents</b>		<b>58</b>	

**5. Has your IAB made use of the IAB resources posted on the ACCE website?**

<b>Response Total</b>	<b>Response Percent</b>	<b>Points</b>	<b>Avg</b>
Yes		<b>33</b>	<b>59%</b>
No		<b>23</b>	<b>41%</b>
<b>Total Respondents</b>			<b>56</b>

**6. Were the resources of value to your IAB?**

<b>Response Total</b>	<b>Response Percent</b>	<b>Points</b>	<b>Avg</b>
Yes		<b>30</b>	<b>54%</b>
No		<b>0</b>	<b>0%</b>
NA		<b>26</b>	<b>46%</b>
<b>Total Respondents</b>			<b>56</b>

**7. Additional Comments**

These meetings have been of tremendous help to me when I was Chairman of our Council and setting up committees and having the committees to work in their respective areas. Met a tremendous amount of people dedicated to construction education!

IAB Self-Assessment and Benchmarking were useful.

Great resource of information and reference materials.

The IAB is very politically involved with the construction management and construction engineering programs within the department.

"Benchmarking your IAB" has been helpful. Website location for resources is hard to find.

We have used the High Impact Advisory Board worksheets for the CM board as well as the other advisory boards in the college of science, engineering and technology.

Great organizations.

All the resources are great

Our Education Unit does have an "off" campus 501(c)(3) foundation that is funded by both company members of our IAC, as well as the construction industry, for the benefit of our degree program.

The IAB is very active and keeps close ties to the University.

Working hard to get a couple of them to Tucson.

**8. What additional resources would be of value to your IAB?**

Best practices, example bylaws

Guideline for incorporation

Just being there when needed

Bylaws from other schools; Examples of fund raising; and Examples of recruiting strategies.

Statistics regarding the accredited schools, graduates, women in construction, residential versus commercial, hot topics, trends, innovative ideas

Would have to pose this question to the group.

**9. Do you have any specific issues or topics would you like to see presented at the annual IAB Event?**

The matrix of the perfect IAC / IAB member regarding age groups and how to develop a good council member who will be dedicated to working for construction education!

Strategic Plans?

Funding issues

Ways to network with other IAB leaders on a regular basis.

If industry collaboration with the different design professions is normative in your company how important is it to expose students to that same type of collaborative environment? How would industry suggest programs address the issue.

Endowments

Involvement with competitions.

I would like to see more insight into the successes of the IAB's and the partnering of Industry and schools. I would like to see more on the successes and failures than the programs at schools. We seemed to have spent a lot of time on what schools are doing and what non-profit organizations offer than the real topic of how can industry better support schools.

Continually improvement of BIM application in the teaching arena with students.

How can we apply more BIM and prefabrication into design away from jobsites and in controlled environment applications?

Fundraising for Students

Team Building Exercise used by an Industry Advisory Board - For instance initiation of new members

No, but our educational unit will actively work to obtain more IAC involvement with the ACCE and use of the posted resources, as well as attendance at an ACCE IAB event.

How are IABs managing the shortages of construction management personnel?

Collaboration between the industry and faculty on research grants.

Residential construction, best practices exchange info. on core curriculum

I'd like to hear how others are handling research grants, etc. for graduate and Ph.D. Programs to ensure industry benefit and applicability.
